## Introduction

This policy statement has been developed to provide parity with requirements the Education (Governors' Allowances) Regulations 2003.

These regulations give Governing Bodies the discretion to pay allowances from the school's annual budget allocation to governors for certain allowances which they incur in carrying out their duties.

In accordance with the above, the responsible body has the discretion to pay allowances to Trustees of the responsible body and volunteer members of the responsible body's Local Academy Committees for certain expenses which they incur in carrying out their duties.

The responsible body believes that paying allowances to Trustees and volunteer members of the responsible body's Local Academy Committees, in relation to the specific categories as detailed below, is an appropriate use of funds as such allowances promote equality of opportunity for members of the community to serve as Trustees and members of the responsible body's Local Academy Committees. The specific items allowable reflect this objective.
